

Career Opportunity

Technical Sales Representative

Brunette Machinery Co. Inc. has been a leading supplier of wood processing machinery for the Sawmill, Pulp and Paper, and Biomass/Pellet manufacturing industries for over 75 years.

We are looking for a **Technical Sales Representative** with the following skills:

- Comprehensive knowledge of wood processing machinery
- Self-motivation and a very strong drive to succeed
- A strong understanding of the sales process
- Mechanical aptitude
- Excellent communications skills
- Willingness to work flexible hours, always putting the customer first.

Responsibilities include:

- Normal sales activities
- Travel across North America
- Participation in national and international trade shows
- Sales presentations to clients, and customer technical support
- This position will require up to 30-50% travel, when COVID-19 travel restrictions are lifted.

Requirements:

- You **must** have valid driver's license, and a valid passport, and
- You **must** be able to travel in Canada and the USA and possibly world-wide, with no restrictions.

This is a full-time position based out of Surrey, BC, reporting directly to the President. This position will be key to driving sales growth, assisting with company strategic planning, and new product development, as well as launching new products.

Benefits include (after a probationary period):

- Medical benefits including vision and dental
- RRSP Matching program

Competitive salary commensurate with experience
