

Career Opportunity

Journeyman Machinist

Brunette Machinery Co. has been a leading supplier of wood processing machinery for the Sawmill, Pulp and Paper, and Biomass/Pellet manufacturing industries for over 75 years. Brunette is independently owned and operated with two locations — Head Office in Surrey, BC and a full-service machine shop in Prince George, BC.

We are currently accepting applications for a **Journeyman Machinist** for our Prince George shop.

The successful candidate will have the opportunity to experience a wide variety of work on a large selection of machinery from lathes/mills to vertical/horizontal boring mills.

Qualifications:

- Journeyman certification or highly motivated 3rd or 4th year apprentice

Skills:

- Execute work with minimal assistance and in a timely fashion
- Produce finished product from blueprints
- Firm understanding of feed and speeds and the effect on a variety of materials
- Determine dimensions and tolerances of finished work piece
- Use precision measuring devices to ensure parts are made to tight tolerances
- Capable of doing set-ups on a wide variety of jobbing work

Benefits include:

- Membership in the IAMAW Union
- A four ten shift schedule
- Competitive pay package with Journeyman rate
- Medical benefits including vision and dental (after a probationary period)
- RRSP Matching program (after a probationary period)
